Ozone Generator ————— p14

01

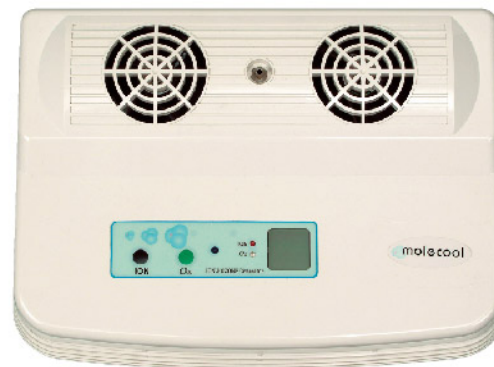

01 OZONE GENERATOR

Ozone Generator

TYO-200

SIZE:210x100x150mm
Weight:1.3kgs
Ozone Generator
Pated Voltage:AC110 / 220V 50HZ/60HZ
Capacity:100mg/hrM2

TYO-150

SIZE: 380x280x120mm
Weight: 3.2kgs
Ozone + Ionizer Generator (AC110V or AC220V)
Power: O3 + Ionizer :30W/0.3A
Ionizer :12W/0.12
Voltage: AC110 or 220V
Capacity:100mg/hr
Area:30~60M2

APPLICATION OZONE WHEN USED IN THE AIR

1.STERILIZATION

- It is suitable for home, office
Living room: remove airborne mold, bacteria and unpleasant odor.
Bedroom: clean, fresh air has been proven to produce more restful sleep and reduce night breathing problems while sleeping.
Bathroom and restroom: indoors molds are found in damp location like bathroom. Ozone will reduce and inhibit mold growth, bacteria and viruses so it eliminates bad odor.
Kitchen: help to eliminate bad cooking smell and bacteria

2.HEALTHPROTECTION

- It increases the oxygen in blood, activates cells, promotes metabolism (effective reduce blood pressure, cholesterol and triglyserid )and lessens tiredness.

3.OZONE AND IONIZER AIR

- Ozone and ions can remove instantly the smells of smoke and mold and unpleasant odor.
