This product has passed the European ROHS mineral anion test : CE_2006_35484 and has been insured with a product liability insurance.

Twenty-first century's revolution of water quality.

The natural Anion Water Purifier can return water back to its original alkalinity. Water tastes great and absolutely no chlorine remains.

The mild alkaline purified water helps improve your internal physical condition. Smaller water molecules filter faster and easier, allowing for better circulation and increases metabolism. Contains balanced nutritional values with a variety of minerals that are essential to your health. Water containing anions relaxes the body and helps you to relieve anxiety.

Entertaining your body with inexpensive pureness and mellowness "Delicious Drinking Water"

- Simply use tap water to produce delicious water without undesirable flavor of chlorine.

Scavenging excess free radicals and enriching hydrogen in your body

"Electrolyzed Reduced Water / Hydrogen Water"

- Uphold anti-oxidation capacity (reducing power activity) of body water to inhibit oxidation cause by "Free Radicals"
- Alkaline electrolyzed reduced water benefits digestive system and helps to relief gastrointestinal discomfort, such as constipation.

Friendly and absorbable to thirsty body - "Weakly Alkaline Water"

- For being weakly alkaline like your blood and body fluid, it can be easily absorbed by your body.
- Permeate into thirsty body rapidly to replenish blood with moisture content and in turn increase blood circulation.
- Promote circulation and purification of blood and body fluid to help discharge of waste material and toxin that is contributive to fitness.

Furnishing magnesium ion complex to accomplish mineral homeostasis-"KENBISUI"

- Magnesium ion complex plays an important role to achieve mineral homeostasis. It provides essential mineral nutrients for activities of brain, heart, blood vessels, nerves and muscles.

- Magnesium is the essential mineral nutrient to form teeth and bones.

It preserves normal functioning of body's enzymes, facilitates energy

Production and is the essential mineral nutrient to good blood circulation.

Regulating body's ion balance for vigorous and vital daily life-"Anion Water"

- Appropriate ion balance assures you of a healthy and happy life
- Anion in blood functions as a hemagglutination inhibitor.
